PROFILE

Front-End Web Developer with experience in JavaScript technologies including React.js, Redux, and Material-UI. Additional experience with Express.js, MySQL, Passport.js, and JWT. Five years of experience in image editing using Adobe Lightroom and Adobe Photoshop.

PROJECTS

2021 Denver, CO

Hungry, *Full-Stack Web Developer (Personal Project)*
Hungry is a recipe-search website. Users can make an account to save their favorite recipes and can filter their searches by ingredients, cuisine, diet-type, intolerances, and nutrition.

- Designed the front-end with React.js, Redux, and Material-UI
- Structured a REST API with Express.js
- Configured database using MySQL
- Created a sign-up and login option with Passport.js and JWT
- Used the Spoonacular API to search for recipes

Tech Stack and APIs: React.js, Redux, Material-UI, Express.js, MySQL, Passport.js, JWT, Spoonacular API
